This paper explores the concept of existential authenticity, a state of being that can be produced or pursued through tourism activities. This paper examines how it is understood by philosophers, psychologists, and scholars and highlights how the industry creates opportunities to encounter one's authentic self.

Ser y tiempo (en alemán Sein und Zeit, 1927) es el libro más importante del filósofo alemán Martin Heidegger. El libro, tal y como se publicó, representa sólo una tercera parte del proyecto descrito en su introducción. Es considerado una de las obras más importantes dentro de la filosofía (de la filosofía llamada por los filósofos analíticos angloamericanos filosofía continental).
