The Silk Road was an ancient network of trade routes that connected the East and West. It was central to cultural interaction between the regions for many centuries. The Silk Road primarily refers to the terrestrial routes connecting East Asia and Southeast Asia with East Africa, West Asia and Southern Europe. The Silk Road derives its name from the lucrative trade in silk carried out along ...

By Xiangming Chen and Julia Mardeusz. Since 2013, economic and trade relations between China and Europe have grown significantly. In this article, the authors look beyond conventional economic indicators, like trade, and political issues, like human rights, instead focusing on transport infrastructure, real estate and tourism to show that a new page is unfolding in the history of China-Europe ...
