

CONTROL THEORY AND RELATED TOPICS IN MEMORY OF PROF XUNJING LIFUDAN  
UNIVERSITYCHINA3 5 JUNE 2005

## **control theory and related pdf**

Control theory in control systems engineering is a subfield of mathematics that deals with the control of continuously operating dynamical systems in engineered processes and machines. The objective is to develop a control model for controlling such systems using a control action in an optimum manner without delay or overshoot and ensuring control stability.

Control theory in sociology is the idea that two control systems—inner controls and outer controls—work against our tendencies to deviate. Control theory can either be classified as centralized or decentralized or neither. Decentralized control is considered market control. Centralized control is considered bureaucratic control. Some types of control such as clan control are considered to ...
