

ENCYCLOPEDIA OF AFTERLIFE BELIEFS AND PHENOMENA

encyclopedia of afterlife beliefs pdf

The afterlife (also referred to as life after death) is the belief that the essential part of an individual's identity or the stream of consciousness continues after the death of the physical body. According to various ideas about the afterlife, the essential aspect of the individual that lives on after death may be some partial element, or the entire soul or spirit, of an individual, which ...
