Final Cut Pro - Official Apple Support

Final Cut Pro X (pronounced "Final Cut Pro Ten") is a professional non-linear video editing application published by Apple Inc. as part of their Pro Apps family of software programs. It was released on June 21, 2011 for sale in the Mac App Store. It is the controversial successor to Final Cut Pro and both editors are incompatible and have quite different approaches to editing.

Film editing is both a creative and a technical part of the post-production process of filmmaking. The term is derived from the traditional process of working with film which increasingly involves the use of digital technology. The film editor works with the raw footage, selecting shots and combines them into sequences which create a finished motion picture.
