

LITTLE CRITTER THE FALL FESTIVAL

### **little critter the fall pdf**

Little Critter is an anthropomorphic character created by Mercer Mayer. Although it's not specified what species the Little Critter is, he resembles a small and furry rodent-like creature such as a porcupine, hamster, hedgehog, capybara or guinea pig. Little Critter first appeared in the 1975 book Just for You. This book is sometimes mis-titled Just for Yu because of the childlike mistake on the ...

Scutigera coleoptrata – one of several species commonly known as the house centipede or "hundred-legged" – is a typically yellowish-grey centipede with up to 15 pairs of legs. Originating in the Mediterranean region, the species has spread to other parts of the world, where it can live in human homes. It is an insectivore; it kills and eats other arthropods, such as insects and arachnids.

To register online: Online camp registration is highly recommended, as it immediately confirms your space in one of our camp programs. The online process collects and stores individual camper information, so parents/guardians will not need to complete a separate Medical Release and Consent Form (PDF) for each week of camp. Please be sure to “confirm or complete attendee details” when prompted.
