Late Adolescent Identity Development: Narrative Meaning

The theory of narrative identity postulates that individuals form an identity by integrating their life experiences into an internalized, evolving story of the self that provides the individual with a sense of unity and purpose in life. This life narrative integrates one's reconstructed past, perceived present, and imagined future. Furthermore, this narrative is a story - it has characters ...

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times ("Narrative Therapy", 2017).
