A law firm network (law firm association or legal network) is a membership organisation consisting of independent law firms. These networks are one type of professional services networks similar to networks found in the accounting profession. The common purpose is to expand the resources available to each member for providing services to their clients.

PROGRAM OBJECTIVE. The Certificate in UVS (Unmanned Vehicle Systems) is offered through the Industrial, Manufacturing, and Systems Engineering Department and will educate undergraduate students in the knowledge and skills required for design, development and operation of UVS including UAS (Unmanned Aircraft Systems), UGS (Unmanned Ground Systems), and UMS (Unmanned Maritime Systems).

M.S. in Industrial Engineering - University of Texas Arlington

Relations between library science, information science and LIS. Tefko Saracevic (1992, p. 13) argued that library science and information science are separate fields: The common ground between library science and information science, which is a strong one, is in the sharing of their social role and in their general concern with the problems of effective utilization of graphic records.

This chapter explores the relationship between graffiti and rock art in the context of archaeological and heritage studies. It outlines how archaeologists, and particularly rock art scholars, have approached graffiti and addresses the complexities of terminology and contested values common to this field of study.

1. Adversity. In 2013, the United States reached an educational milestone. For the first time, a majority of the country's public school students — 51 percent of them, to be precise — fell below the federal government's threshold for being "low income," meaning they were eligible for a free or subsidized school lunch.

Helping Children Succeed – What Works and Why

(1) Existing law provides for the early implementation, by counties and foster family agencies, of the resource family approval process, which is a unified, family friendly, and child-centered approval process that replaces the multiple processes for licensing foster family homes, approving relatives and nonrelative extended family members as foster care providers, and approving adoptive families.

Bill Text - AB-1997 Foster care.

WORKSHOP DETAILS WHAT IS THE FOCUS? Qualitative research methodologies are becoming relatively common within health psychology, although their newness promotes a tendency for these methodologies and methods to be used in rather formulaic ways.
