Comprehensive National Power (CNP) (Chinese: 综合国力; pinyin: zōnghé guóli) is a putative measure, important in the contemporary political thought of the People's Republic of China, of the general power of a nation-state. CNP can be calculated numerically by combining various quantitative indices to create a single number held to measure the power of a nation-state.

Military strategy is a set of ideas implemented by military organizations to pursue desired strategic goals. Derived from the Greek word strategos, the term strategy, when it appeared in use during the 18th century, was seen in its narrow sense as the "art of the general", or "the art of arrangement" of troops. Military strategy deals with the planning and conduct of campaigns, the movement ...

Security Strategy positions the United States to safeguard our national interests through strong and sustainable leadership.

NATIONAL SECURITY STRATEGY

Recent years have seen an increase in attacks against state representatives, notably the police, across Germany. Some perpetrators of those attacks have been found to represent an ideology that opposes the state and its representatives and, more specifically, considers the modern German state to be illegitimate.
