Sustainable value chains for sustainable food systems A workshop of the FAO/UNEP Programme on Sustainable Food Systems Rome, 8–9 June 2016

### **A workshop of the FAO/UNEP Programme on Sustainable Food**

The 2005 World Summit on Social Development identified sustainable development goals, such as economic development, social development and environmental protection. This view has been expressed as an illustration using three overlapping ellipses indicating that the three pillars of sustainability are not mutually exclusive and can be mutually reinforcing.
