Amyuni WebkitPDF could be used with JNI for a Windows-only solution. This is a HTML to PDF/XAML conversion library, free for commercial and non-commercial use. If the output files are not needed immediately, for better scalability it may be better to have a queue and a few background processes taking items from there, converting them and storing them on the database or file system.

Coño (from the Latin cunnus) is a vulgar word for a woman's vulva or vagina. It is frequently translated as "cunt" but is considered less offensive (it is much more common to hear the word coño on Spanish television than the word cunt on British television, for example). [In Puerto Rico, Spain, Venezuela, Mexico, Cuba, Dominican Republic and Panama it is amongst the most popular of curse words.

Don't start too early There's no magic age at which your child is ready to start using a potty. However most healthy children will develop the skills they need to start training when they're between 18 months and three years old (AAFP 2008, Choby and George 2008, ERIC 2010b, Schum et al 2002). Starting before your child is ready will probably just prolong the whole process (Blum et al 2003 ...
