FAVORITE GREEK MYTHS - Yesterday's Classics

In present use, mythology usually refers to the collected myths of a group of people, but may also mean the study of such myths. For example, Greek mythology, Roman mythology and Hittite mythology all describe the body of myths retold among those cultures. Folklorist Alan Dundes defines myth as a sacred narrative that explains how the world and humanity evolved into their present form.

Longevity myths are traditions about long-lived people (generally supercentenarians), either as individuals or groups of people, and practices that have been believed to confer longevity, but for which scientific evidence does not support the ages claimed or the reasons for the claims. While literal interpretations of such myths may appear to indicate extraordinarily long lifespans, many ...
